Highlights

Control Your Outdoor Devices

Extend your smart home outdoors with the weather-resistant smart outdoor plug. Power on your patio lights, holiday decorations, and more from the convenience of your smartphone. Turn each outlet on/off individually, set schedules, or use simple voice commands with Alexa or Google Assistant to control all of your connected devices.

Note: The app screen depicted is for visual reference only and does not necessarily represent actual product operation or app appearance.

Made for the Outdoors

The Kasa Smart Wi-Fi Outdoor Plug has an IP64 rating that ensures your device is protected from dust and splashes of water from any direction. When not in use, the sockets should remain capped with the included weather-resistant cover.

Highlights

Control Even with Your Hands Full

Enjoying a barbecue outdoors and have your hands full of condiments or food? Just use a simple voice command with your outdoor plug and Alexa or Google Assistant to control your stereo. Even turn outdoor lights on or off from the comfort of your couch with a simple command.

Your Home. One App.

Turn your home into a true smart home with Kasa Smart. Automate your lights and appliances with smart plugs, bulbs, and switches. Secure your home with Kasa cameras. Control it all from the Kasa Smart app.

Features

Double the Outlets

Access and use two outdoor devices from anywhere, together or individually—all with one smart plug.

Voice Control

Use simple voice commands with Alexa or Google Assistant to control your connected devices. You can give each outlet a unique name and use them separately.

Device Grouping

Group your Kasa Smart light bulbs, plugs and switches for seamless control. Ideal for controlling all your devices simultaneously with a single tap.

Weather-Resistant

The IP64 rating and weather-resistant cover* ensure protection against dust intrusion and splashes of water.

*When not in use, the outdoor plug's sockets should remain capped with the weather-resistant cover.

No Hub Required

The outdoor smart plug works with a secured 2.4 GHz wireless network without needing a separate hub.

Easy Setup

Be up and running with your new smart plug in less than 5 minutes! Plug in the weather-resistant plug, follow the setup instructions on the Kasa Smart app, name your plug, and you're good to go!

Control From Anywhere

Turn your outlets on/off or set schedules from anywhere using your Kasa Smart app.

Set Schedules

Individually schedule each device connected to the plug to automatically switch on or off when you're home or away.

ETL Certified

ETL certified to provide peace of mind that quality and safety are standards we strive for.
